# *TOM'S TAKE...*

---

*Here Comes The Groom! Perfectly Suited.*

---

*"I like Tom's place because my family has been buying from them for generations, and they are a throwback to the glory days of Kensington market. Whenever I have had a major life event, whether it be a job interview, formal event, **or my wedding** this is where my family shops. Thank you for decades of great service and products." - Mike Hartman*

The lack of fashion advice for grooms these days is simply tragic! Think about it. The brides have bridal shows, magazines & websites - all catered to fulfill their fantasy of looking like they just stepped out of a fairy tale on their wedding day.

The poor guys are often left out in the cold to fend for themselves, with no expert advisers to guide them towards the best possible look on this all-important day.

*"I like Tom's Place because they recommended such an awesome looking suit for my brother's wedding three years ago and it still fits great and makes me look like a GQ model" - **Clairence Lauu***

**At Tom's Place, we are here for you!** You won't have to sift and sort through generic tuxedos and cummerbunds on your own.

We will provide you with a qualified stylist to make sure *you* are taken care of and **look your absolute best** on your wedding day.

*The Look Is Bond ... James Bond*

Are you planning a formal, black tie event for your wedding? Imagine yourself looking as dapper and as polished as the iconic 007 in your Black Tie Tuxedo. The look is classic and simply irresistible.

Be sure to include the subtle, yet important details like a pair of elegant cufflinks and a crisp white pocket square to make a killer impression.

## *Your All Inclusive Wedding Wear Destination*

---

*“I like Tom's Place because of the way my fiancée looks at me every time I wear one of your suits.” - **Brian Baum***

The relaxed feel of a destination wedding is hard to beat. With the sand, surf, and sun as your backdrop, you may be tempted to “dress down” for the occasion.

At Tom’s Place, you don’t have to sacrifice style for comfort. Fine material like linen and silk are extremely popular for grooms who are looking for cool options for their beach wedding attire. Light shades, nautical patterns, and fun accessories create the perfect ensemble for the casual, yet stylish groom.

## *Perfectly Suited For The Occasion*

---

*“My husband got his suit along with the ushers at Tom’s for my son’s wedding in 2013 and when my daughter got married in 2014. **Excellent quality great prices.**”*  
- **Lucy Zentena Testani**

**Who says you have to wear a tuxedo to your wedding?** You really can’t beat the look of a fantastically well made, and well-tailored suit.

An elegant suit may be a less formal look, but can easily be worn for other formal events. And with so many styles and colours to choose from, your options are limitless.
